Summary

Computer Science graduate with experience in frontend and full-stack development using React.js, Node.js, Express.js, and MongoDB. Skilled in building responsive web applications, REST APIs, and scalable user interfaces.

Skills

Programming Languages: JavaScript, Python, C++

Frontend: React.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js

Databases: MongoDB, MySQL

Core Concepts: REST APIs, OOP, SDLC, Responsive Design

Tools: Git, GitHub, Postman, VS Code

Experience

IT & Software Developer Intern

June 2025 – August 2025

MedCapSky Revolution Private Limited

- Contributed to the frontend implementation of 2 React.js-based web applications using Tailwind CSS.
- Designed and optimized 10+ reusable UI modules to improve interface consistency and maintainability.
- Resolved browser compatibility and responsive layout issues across desktop, tablet, and mobile devices.
- Collaborated with backend developers on feature integration and version control workflows using Git and GitHub.
- Received a Certificate of Appreciation for technical contribution and consistent performance during the internship.

Projects

Finance Dashboard Web Application

Technologies: React.js, JavaScript, HTML5, CSS3, Chart.js, Vercel

- Engineered an interactive finance dashboard featuring 5+ analytical widgets and dynamic data visualization components.
- Integrated sorting and filtering mechanisms to streamline financial data organization and user interaction.
- Structured reusable React.js components to improve code maintainability and frontend scalability.
- Deployed the application on Vercel with responsive optimization for desktop and mobile devices.

Live Demo: <https://finance-dashboard-eight-mauve.vercel.app/>

Samvidhan Seekho – Educational Web Platform (Team Project)

Technologies: React.js, JavaScript, HTML5, CSS3, Git

- Collaborated within a 4-member team to develop a React.js-based educational platform focused on constitutional awareness.
- Implemented reusable frontend structures and multiple responsive UI sections using React Hooks and component-based architecture.
- Maintained cross-browser compatibility and coordinated source code management using Git and GitHub.

Education

Bachelor of Technology in Computer Science

2022 – 2026

Greater Noida College of Technology, Greater Noida

Class XII – CBSE

2022

DAV Public School, Faridabad
